QUICK, QUIET, CONVENIENT

The Brent 57-series Grain Train wagons deliver the ultimate in grain-transport efficiency and convenience. Quickly and Quietly. And there’s a size for every need — 750 bushels, 650 bushels, 550 bushels.

Towed singly or in tandem, the Brent 57-series Grain Train Wagons provide the quickest, quietest and most convenient grain transport possible.

The extended-length pull-through chassis design with rear hitch, electric receptacle, hydraulic hose couplers (on Q Series models) and transport safety chain connector offers the ultimate in tandem hitching and towing.
QUICK, QUIET, CONVENIENT

The Brent 57-series Grain Train wagons deliver the ultimate in grain-transport efficiency and convenience. Quickly and Quietly. And there’s a size for every need — 750 bushels, 650 bushels, 550 bushels.

Towed singly or in tandem, the Brent 57-series Grain Train Wagons provide the quickest, quietest and most convenient grain transport possible.
The 757Q, 657Q and 557Q models come standard with an exclusive push-button-controlled unloading door with front and rear switches for ultimate unloading convenience.

The 757, 657 and 557 models feature an exclusive patent-pending dual-position door wheel for convenient operation from either the left or right of the door with 6-1 gear reduction for effortless door opening.
Each Grain Train wagon’s highway-rated tires allow for quick transport to the elevator in town or the grain center for fast unloading into a conveyor hopper or grain pit.

The load-equalizing torsion-bar rear axle design, coupled with the rocking-arm bolster, keep Grain Train wagons level and stable during loading and transport, and quiet when empty, even over the bumpiest gravel roads.

Oil-bath hub housing for greater durability and easier maintenance.

Torsion-flex bolsters mounted on all four corners for quieter ride.

QUICK, QUIET
You can load the Brent® 57-series Grain Train® wagons from a grain cart or a combine. Its highway-rated tires and unique suspension design then allow for quick — and quiet — movement to the elevator in town or the grain center for fast unloading.
Spring-torsion front suspension for smoother, stable transport and optimum maneuverability with the patented UltraSteer chassis design for a tighter turning radius.
CONVENIENT

The Brent® 57-series Grain Train® wagons’ steep-sloped, graphite-coated interior and your choice of push-button-control unloading door or patent-pending door wheel design for unloading from your left or right provide unmatched unloading convenience. Standard light above unloading door assists in nighttime operations.

Gas-strut lift-assist unloading chute with spring-loaded locking mechanism for effortless use. Door height can be adjusted from 15” to 18” with center deflector. Optional right-side unloading.

Lift-assist tongue with easy-grip handle and patented retractable wiring harness for easily hitching. The brakeline and actuator are enclosed inside the tongue for longer life. Standard hydraulic surge-drum brakes for ultimate stopping power and long-term dependability.

All models feature DOT-approved LED side-marker lights and red flashing amber taillights for enhanced durability and greatest light with lowest voltage use. Reflective striping, SMV emblem and safety chain are also standard for greater transport safety.

Patented UltraSteer chassis design allows for a tighter turning radius, greater maneuverability and easier Grain Train wagon positioning.
QUICK, QUIET, CONVENIENT

The Brent® 57-series Grain Train® wagons deliver the ultimate in grain-transport efficiency and convenience. Quickly and Quietly. And there’s a size for every need — 750 bushels, 650 bushels, 550 bushels.

Towed singly or in tandem, the Brent 57-series Grain Train Wagons provide the quickest, quietest and most convenient grain transport possible.
