

# **TOP AIR® ATV SPRAYER** 200-GALLON

GO WHEN AND WHERE BIG SPRAYERS CAN'T

## **WITH BIG SPRAYER FEATURES**

- Exclusively designed T-shaped 200-gallon tank featuring an 18-gallon sump for consistent application on varying terrain
- Tank agitation for keeping contents properly suspended, along with highly visible tank volume indicator
- Self-leveling 30', 45' or 60' manual front-folding booms and tongue-mounted shock absorber system ensure uniform spraying over uneven terrain
- Three-section boom with electronic ball valves and single-tip nozzles available on 15" or 20" spacings with standard Raven 450 rate controller; six section rate control optional on 60' boom

**TOP AIR**

**UNRIVALED  
SPRAYING SOLUTIONS**

## ATV SPRAYER FEATURES AND BENEFITS

- Boom breakaway feature allows the boom to spring backward should it hit an obstruction and quickly return to operating position
- Tool-free height-adjustable boom end from 12" to 30" with standard-equipment winch that locks securely in place
- Self-leveling tongue and standard 1 7/8" ball hitch for easy hookup and jack for easy storage
- In-line boom strainer virtually eliminates nozzle plugging for uniform spraying and 2" quickfill for fast loading
- An easy-to-see pressure gauge mounted at the front of the unit for handling a wide variety of spraying applications
- Tandem axles are infinitely adjustable from 60" to 90" to match row widths
- Standard 24x10.5-10 high-flotation tires can be moved fore and aft to ideally distribute weight
- Units are finished with a baked-on powder-coat finish for corrosion resistance
- 5.5 HP Honda motor-driven centrifugal pump for easy and reliable operation
- 9-gallon clean water tank with spout and eye wash tube is also equipped with a storage container

## ACCESSORIES FOR ENHANCED PERFORMANCE

- In-line walking tandem axles for a smoother and gentler ride over uneven terrain
- Fender kit that keeps the tank and boom cleaner over muddy areas
- Foam marker system with two 3 1/2 gallon tanks
- Fence row nozzle kit for precise spraying of field edges
- Hose reel with 25' of hose provides quick and easy spot spraying
- Hydraulic kit for 60' booms that folds/unfolds and raises/lowers boom
- Rate control options to work best with your operation

**With big sprayer performance in a small package, the ATV sprayer is a unit that can quickly pay for itself. See your nearest dealer today for a close-up look at all the Top Air sprayers or visit us online at [www.topairequip.com](http://www.topairequip.com).**
