Implement Caddy *MODEL 500*

Big-tractor horsepower doesn't do you any good sitting in the shed; put it all to work with the Unverferth pull-type Model 500 Implement Caddy. The Model 500's tractor-style, 3-point quick-hitch makes for easy, one-person hookup to virtually all 3-point equipment, including the Zone-Builder®, Ripper-Stripper® and Tremor® implements.

- Pull-through design with all welded 4" x 8" tubular steel frame for maximum strength
- Tractor-style Category III rear quick-hitch with auto-latch attachment
- Adjustable-width wheel towers to match varying row widths
- Adjustable top quick-link for easily leveling the implement
- 6" x 6" tubular steel axle arms for enhanced durability
- Dual wheels with 12.5 x 15 tires for greater flotation and transport stability
- More than 34 inches of vertical-lift travel for transport clearance
- Adjustable tongue height with combination clevis or single-tang hitch for easily matching your tractor

- 3,000 p.s.i. hydraulic cylinders for quickly raising and lowering unit.
- Choice of powder-coat, tractor red or green finish for optimum corrosion resistance

The Unverferth Model 500 implement caddy fits:

Zone-Builder model 110*, up to 10 shank

Zone-Builder Model 120* up to 8 shank

Zone-Builder Model 130* up to 9 shank

Ripper-Stripper Model 310 up to 8 row

Ripper-Stripper model 330 up to 8 shank

Brent® Tremor up to 9 shank

* Units without shank attachments
