

# Classic Tractor Replacement Rims

**August 15, 2011**

Since 1948, Unverferth has been perfecting the wheel for agricultural equipment. Though tractors have grown in size and horsepower, many of the Classic tractors remain farm workhorses or are showpieces of farming history. Regardless of your usage, Unverferth makes the rims you need to keep these tractors going. Using our modern manufacturing processes and powder-coat finish, these rims will look their best for show and be able to stand up to the rigors of use.

## Rear Replacement Rim for Farmall Super "C" Tractors
