

NEW CONSTRUCTION & ATV/UTV WHEEL SYSTEMS

MORE THAN JUST AG WHEELS

Unverferth Manufacturing Launches into Construction and ATV/UTV Wheel markets.

With a legacy of precision and performance in manufacturing agricultural wheel systems since 1948, Unverferth is excited to officially expand into the construction and ATV/UTV wheel markets in 2025. Backed by decades of engineering expertise and a commitment to quality and durability, our new product lines include solutions for today's toughest jobs. From heavy-duty loader and backhoe wheels to rugged off-road UTV wheels, Unverferth is committed to delivering the right wheel solution for every application.

**INNOVATING
THE FUTURE OF
AGRICULTURE**

WHEELS

CONSTRUCTION WHEELS

CONSTRUCTION & ATV/UTV WHEEL FEATURES

3- AND 5-PIECE LOADER WHEELS

Engineered for maximum strength and durability, we offer custom-built solutions for 3- and 5-piece loader wheels. Engineered to fit all major OEM equipment brands, they're ideal for demanding construction and material-handling applications.

BACKHOE WHEELS

Built to handle tough terrain and heavy lifting, our front and rear backhoe wheels offer unmatched durability and performance. Designed for seamless fitment and long-lasting use on a variety of machine models.

TELEHANDLER WHEELS

Precision-manufactured for load capacity and stability, our telehandler wheels are ready to tackle the height, reach, and rough conditions of your job site. Available in multiple bolt configurations for today's leading telehandler brands.

SKID STEER WHEELS

Designed for compatibility across most skid-steer brands, we offer a variety of sizes and industrial colors to match most brands.

ATV & UTV WHEELS

Whether you're hauling, hunting, or heading off-road, our ATV and UTV wheels are built to ride where others can't. Designed for strength, style, and performance, they're the perfect upgrade for recreational and utility vehicles alike.

 **For custom-built wheels designed to your specifications, contact us today to explore the best solution for your equipment.**
